10 things you need to know about the UK BIM Alliance…

- It’s YOU, the industry.
- With projects managed by the Exec Team.
- It’s open. Anyone can be a part of it.
- It’s funded by Patrons & Strategic Partners.
- To promote BIM as ‘business as usual’.

- There’s a regional hub near YOU.
- Or a BIM4 group specific to YOU.
- Look out for our Ambassadors!
- And connect with others.
- Use (or contribute to) guidance we publish.
So... what is BIM?

At its very simplest, BIM is a PROCESS,

Of defining, creating and delivering structured data and documents,

For the lifecycle of built environment assets.
UK BIM FRAMEWORK
The overarching approach to Implementing BIM in the UK
• To develop an approach to digital transformation, which allows us to understand and have control over the shift from analogue to digital

• To demonstrate semi-automated and then automated processes in scalable way

• To develop open, shareable standards which allow for checkable, repeatable, improvable processes
Information management according to the ISO 19650 series
UK BIM Framework: Guidance

• Guidance is developing to support each released standard within the ISO 19650 series.

• Guidance is published in multiple editions to reflect the incremental development plus catering for edits and wider industry feedback.

• Guidance is available free of charge via [https://ukbimframework.org/](https://ukbimframework.org/)

• Your participation is welcomed:
  • You can participate in development of guidance content and/or review
  • Please let us have your feedback on released guidance
